- AMSOIL By-Pass Systems that have been improperly installed, abused, damaged or used in mechanically deficient equipment. Examples of mechanically deficient equipment include flawed or defective equipment due to abnormal operation, negligence, abuse, previous damage or improper modification, including use of components other than those from AMSOIL or AMSOIL aftermarket partners.
- Failure of equipment when the wrong filters are used or the correct filters are used beyond the service life recommended in writing by AMSOIL INC. or the original equipment manufacturer ("OEM"). The Consumer is solely responsible for determining a product's merchantability or fitness ("suitability") for a particular purpose and assumes all risks and liabilities when used other than in strict accordance with the written recommendations of AMSOIL.

WHAT AMSOIL WILL DO TO CORRECT A COVERED DEFECT:

If the AMSOIL By-Pass System is defective in materials, design and workmanship, AMSOIL will (1) replace the By-Pass System or defective component of the By-Pass System or issue a credit to the Consumer's account for the price paid by the Consumer for the By-Pass System; and (2) at the option and cost of AMSOIL, repair or replace components to the extent the damage was solely attributable to a defect in the AMSOIL By-Pass System. REPAIR OR REPLACEMENT, AS PROVIDED IN THIS PARAGRAPH, IS THE CONSUMER'S SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY.

WHAT AMSOIL WILL DO TO CORRECT A COVERED DEFECT:

- The By-Pass System and filter(s) are required to be returned.
- If there is engine damage and the vehicle is under warranty, file a claim with the OEM and notify AMSOIL at (715) 399-8324 immediately. In the alternative, you may mail a claim notice, along with the OEM denial to AMSOIL INC., ATTN: Technical Services, 1 AMSOIL Center, Superior, WI 54880, postmarked within 30 days of failure or alleged defect.
- Keep the filter(s) and failed parts for inspection by AMSOIL unless given to the OEM. You must allow the AMSOIL Technical Services Department to examine the By-Pass System and filters and, if necessary, the engine or equipment to determine the extent of damage and whether it was caused by a defective By-Pass System.
- Mail, at your expense, the following items to AMSOIL INC., ATTN: Technical Services, 1 AMSOIL Center, Superior, WI 54880:

- The By-Pass System and filters in their original, undamaged condition.
- Documentation describing the make, model and year of equipment, total accumulated miles and/or hours and duty cycle or service environment.
- Equipment or vehicle maintenance history documentation, including, but not limited to, date and miles or hours at the time of installation of the By-Pass System and installation and/or change of filters; periodic maintenance and inspection of the By-Pass System; and general equipment repairs made.
- Proof of purchase for AMSOIL By-Pass System (if available).
- Batch number from By-Pass System box or container (if available).
- The OEM warranty denial, if applicable, and claim notice (if not previously provided).

If your claim is approved, you will be reimbursed this mailing expense.

AFTER A CLAIM IS FILED:

- You must cooperate with the AMSOIL investigation of the claim and provide the information reasonably requested by AMSOIL.
- If your claim is paid by AMSOIL or its insurer, an attempt may be made by AMSOIL to recover those amounts from the OEM. If this occurs, you may be asked to provide further information pertaining to the failure and must cooperate with AMSOIL or its insurer in the recovery process.

LIMITATION OF LIABILITY:

THE LIABILITY OF AMSOIL ARISING OUT OF THE MANUFACTURE, SALE, DELIVERY, INSTALLATION, TECHNICAL DIRECTIONS OR RECOMMENDATION OF ANY AMSOIL BY-PASS SYSTEM, WHETHER IN CONTRACT, TORT, WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE VALUE OF THE COMPONENT DAMAGED AS A DIRECT RESULT OF THE BY-PASS SYSTEM.
